

# Deck Project Planner

Frame, boards and finish on one page.

Deck \_\_\_\_\_ Width \_\_\_\_\_ Depth \_\_\_\_\_

## 1 · SKETCH THE FRAME — JOISTS, BEAM LINE, POST POSITIONS

## 2 · THE FRAME

[illegible]

### 3 · BOARDS AND FINISH

| ITEM | QUANTITY | UNIT | ORDERED | NOTES |
|------|----------|------|---------|-------|
|      |          |      |         |       |
|      |          |      |         |       |
|      |          |      |         |       |
|      |          |      |         |       |
|      |          |      |         |       |

## BEFORE YOU ORDER

- Joist span checked against the table for your size, spacing and species — not assumed.
- Footing depth confirmed with your building department, not with a neighbor.
- Ledger flashing and bolt spacing decided before anything is fixed to the house.
