Store

Work out the quantity first, then write what one package covers, then divide and round up. The last column is the only number that matters at the till.

MATERIAL	YOU NEED	ONE PACKAGE COVERS	BUY THIS MANY	PRICE EACH	✓

BEFORE YOU LEAVE THE STORE

- ☐ Coverage figure checked on the actual package, not from memory
- ☐ Same lot or dye-lot number on every box
- ☐ One spare package bought on purpose, left unopened
- ☐ Receipt kept, and the returns policy on unopened packages asked
